Facts about Refractor Telescopes

Modern refractors are much improved versions of the model Galileo built in 1610

by changing the "eyepiece"

All our Refractor Models include an erecting prism that makes the normally inverted image appear upright. The refractor's design makes it easy to use for terrestrial viewing.

300x, 240x and 200x Models have a wide-angle finder-scope for aiming the main telescope at small, celestial bodies quickly and easily.

300x, 240x and 150x Models feature the new sun projection screen which displays a sharp solar image for individual or group viewing without endangering the observers' eyes.

300X Refractor Telescope with professional-type equatorial mount . .

a flexible, extra-stable mount usually found only on models costing $100 and more

$49.99

Zero in on the moon, stars, even an airplane with the finderscope . . then use the rack and pinion focusing to get a crystal clear image. Deluxe equatorial mount and micro-motion adjustment make it easy to track objects moving vertically, horizontally . . even diagonally. Magnification is 41, 82, 150 or 300-power for inverted astronomical viewing, and 62 or 225-power with an upright image for terrestrial viewing. Main lens is 60mm achromatic-coated, with a 900mm focal length. Sturdy 52 inch metal tripod has an accessory tray that securely holds extra lenses and eyepieces. Sun projection screen attaches for safe solar viewing. 39 inches long by 57 inches high. Metal, glass, plastic. Owner's manual included. From Japan.

Here, and on the next three pages, eight of the most exciting items we've ever put into any Wish Book

From one of America's finest collections of antique toys, displayed at the Museum of History and Technology of the Smithsonian Institution, Washington, D.C. . . here are cast-iron reproductions, hand-made from molds cast from the original toys, then carefully hand painted and hand decorated. We insisted on a foundry where time-honored methods are still used, and where most tools are the same as those used at the turn of the century. We are so pleased with the results *that each piece comes to you with a certificate of authentication.*

We ask you to read about each item so that you can better understand ***why it is indeed a collector's item to be prized. Total sales of*** *each reproduction will be limited to just 250, then the mold will be broken. Each piece carries a benchmark identifying the collection* ***and is individually numbered. You are assured of receiving an authentic copy and assured of possessing a collector's toy from a truly limited edition.***

Hook and Ladder Wagon with 4 Horse Team

35 inches long, 9 inches wide, 10 inches high about 1900)

Every detail is authentic . . the wheels even turn and are bowed because these wagons took corners at such high speeds. The bell sounds like a true fire bell because it is actually made of real bell metal, and it rings with every turn of the wheel Meanwhile, the sprightly horses bob up and down in excitement of racing to the fire . . you can almost smell the smoke!

Horse-drawn Carriage with Uncle Sam as passenger

18 inches long, 4½ inches wide, 8½ inches high about 1900

1 Most unusual! One of a rare group called "Nodding Head Toys" made around the turn of the century in Kenton, Ohio. Fanciful caricatures were usually used as passengers in a little carriage. As the wheels turned and the horse seemed to trot along, the whimsical, oversized head nodded to the delight of young and old alike. Our cast iron replica is identical, even to the wobbly head. Shipped postpaid from Grand Rapids, Michigan, to all states except Alaska and Hawaii. No C.O.D. orders. To assure delivery before Christmas, orders must be placed before December 6.

Race Horse with Sulky

9 inches long, 4 inches wide, 4½ inches high about 1930

2 Enthusiasts of horse racing would treasure such a cast iron model now, just as in the 1930's when this toy was first cast. Wheels actually turn while the sleek, high spirited horse appears to be straining the bit toward a dramatic photo finish! Shipped postpaid from Grand Rapids, Michigan, to all states except Alaska and Hawaii. No C.O.D. orders. To assure delivery before Christmas, orders must be placed before December 6.

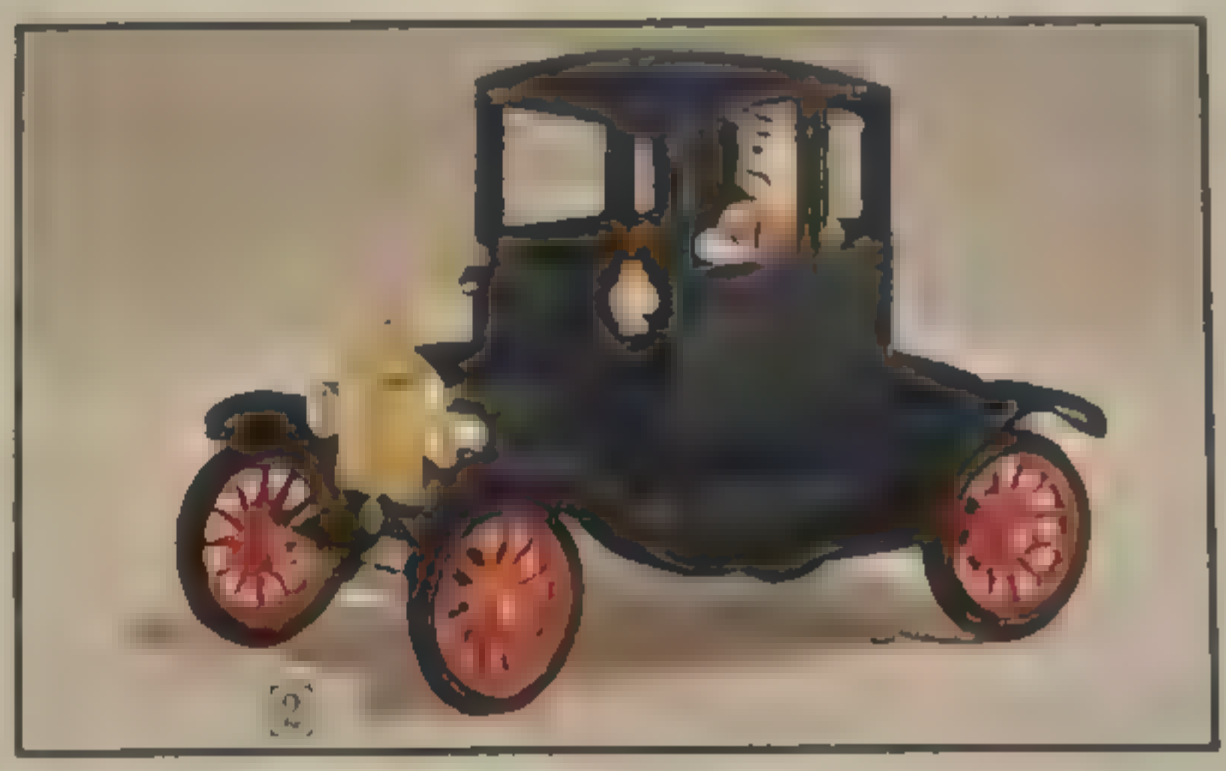
AUTHENTIC REPRODUCTIONS CAST FROM ONE OF AMERICA'S FINEST COLLECTIONS OF ANTIQUE TOYS

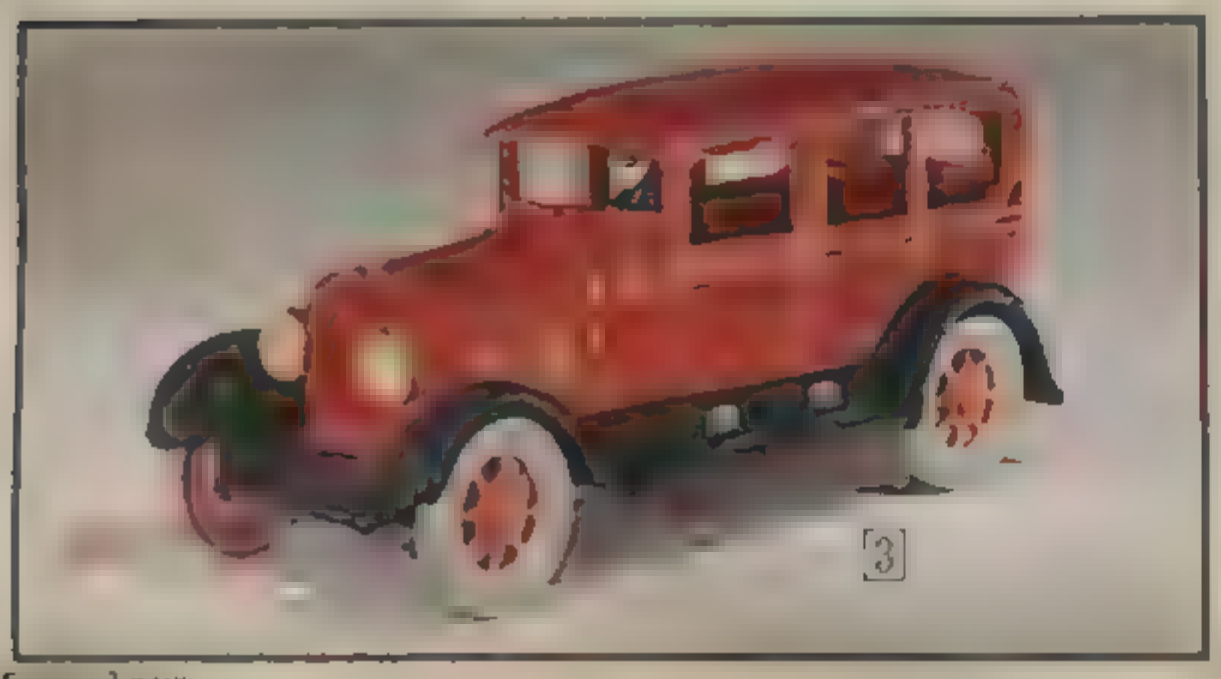
Touring Car

10 inches long, 3 inches wide, 5 inches high (about 1921)

1 This streamlined two-seater was the convertible of the past. A well-to-do lady rides in style as her driver concentrates on the mechanics of this "new-fangled" machine. He had to start it with a crank. Too expensive for the average man, this car would go 40 miles per hour. The most frequent break-down was a blow-out from the rough, gravel roads. Wheels on our authentic cast-iron replica actually turn. Shipped postpaid from Grand Rapids, Michigan, to all states except Alaska and Hawaii. No C O D orders. To assure delivery before Christmas, orders must be placed before December 6.



F21 C 87984—(Shipping wt. 3 lbs.) ... $150.00



Model T Coupe

10 inches long, 5 inches wide, 8 inches high (1917)

2 After Henry Ford began selling assembly line cars, this model was the first that most men could afford. Certainly not a family car, only two people could sit comfy on the single seat. Top speed was about 35 m.p.h. . . and it certainly beat the horse and carriage for comfort. This cast-iron toy was a favorite of the children of the 1920's, probably for the same reasons children like model cars today . . they dream of owning one just like it. As on all our other replicas the cast-iron wheels turn, and every detail has been carefully hand painted to look exactly like the original toy. Shipped post paid from Grand Rapids, Mich., to all states except Alaska and Hawaii. No C O D orders. To assure delivery before Christmas, orders must be placed before December 6.

F21 C 87985—(Wt. 5 lbs.) ... $150.00

Four Door Sedan

13 inches long, 5 inches wide, 5 inches high (1926)

3 Luxury for the whole family! Two seats afforded plenty of room for packages or toddlers. Even long trips were feasible now in any weather . . this car went up to 40 miles per hour. Families from one Coast could see how the other Coast lived—and might even decide to stay there. Our hand painted, cast-iron replica has wheels that turn. It's authentic in design, even to the tread on the running boards. Shipped post paid from Grand Rapids, Michigan, to all states except Alaska and Hawaii. No C O D orders. To assure delivery before Christmas, orders must be placed before December 6.

n the early 1800's American artists painted scenes on dishes to depict their surroundings. They wanted to show neighbors on the Continent and in other parts of the U.S. how they lived. Our Heritage Hall™ pattern which took 3 years to develop, recaptures the charm of those early day dishes. Homes, modes of dress and scenes are authentic of periods represented. Scenes: New Colonial overhang, New England house (17 cent.); Georgian town house (18th cent.); Pennsylvania field-stone house (late 18th cent.); French provincial house from Vieux Carre district of New Orleans (early 19th cent.); and Spanish hacienda from southwest (mid 19th cent.). CREDIT TERMS

If you are adding on to a Revolving Charge Account, Easy Payment or Modernizing Credit Account, indicate on the order blank your account number and town in which the Sears Store carrying your account is located. On Sears Credit Terms orders, we ship prepaid and charge your account.

If you are opening a new account, have the head of household answer the questions on the back of the order blank and check type of account desired

C.O.D. MAIL ORDERS— WE STRONGLY URGE YOU NOT TO ORDER C.O.D. . . SUCH ORDERS INVOLVE HIGH EXTRA CHARGES TO YOU

When ordering by mail, it is to your benefit to send a money order, check, or use Sears Credit Terms. See Sears Big Book for details on extra charges involved on parcel post and freight-express C.O.D. shipments.

We do not ship C.O.D. orders for live animals or birds, perishable goods or for merchandise cut, engraved, printed or made to order; for merchandise shipped direct from factory or shipped to foreign countries or to anyone other than the person sending order

IMPORTANT ABOUT PRICES

When Sears says "SAVE" you really save !

Now, as for years, Sears shows price cuts or savings only on those items we previously listed or on those to be listed in future catalogs at regular prices. With these items, we always state the actual "was" price or "will be" price on which the savings is based. If the description for an item in this book does not include such a statement, that item is offered at our regular low price

You always get our lowest prices . . If the price of any item in this catalog is reduced in another regular Sears Catalog during the time this book is current, we will fill your order at the lower price regardless of which current Sears catalog you use. Prices in this catalog apply only to orders placed by mail, telephone, telegraph or placed in person at a Sears Catalog Sales Office, Authorized Catalog Sales Merchant, or at the Catalog Sales Department in a Retail Store, Retail Catalog and Appliance Store or in a Sears Affiliated Store. Except where stated otherwise on specific items, prices quoted in this catalog do not include charges for transporting goods from our distribution centers to a Sears selling unit for pick up, or for delivery to your home

HOW TO FIGURE PARCEL POST CHARGES

Packages weighing up to 70 pounds [illegible] and more than 130 inches in length and girth combined can be sent by parcel post at local zone parcel post rates except where prohibited by size restrictions. Check with your Postmaster or Catalog Sales Department for size restrictions.

Parcels weighing more than 70 lbs. are transported by truck, but not exceeding 100 inches in length and girth combined are handled as a minimum rate equal to that for a 70 lb. parcel for the zone to which addressed.

Orders cannot be accepted from [illegible] post offices for delivery to [illegible] post zones. This does not apply to rural route addresses.

Parcels weighing less than 16 oz. are [illegible]

Revolving Charge Account

With a Sears Revolving Charge Account all you do is pick up a phone—call Sears and say "Charge It"! It's that simple . .

No money down or minimum purchase required when you use your Sears Credit Card. If you wish; pay your charge each month within 25 days of billing date (with NO FINANCE CHARGE) or, if you prefer, spread your payments out over months; if you choose to do this, your monthly payments ($10.00 minimum) will go up or down, depending on your balance and a FINANCE CHARGE will be added each month.

We send you a statement of your account every month. Makes bookkeeping so much easier for you—a complete record of your purchases is always available.

You can open your account now—and order later. There is no need to send an order when you open your account , open it now—we will send you your Sears Credit Card. You can start using it whenever you wish.

It's easy to start your account—here's how. Simply fill in the application on page 370 and sign the agreement on the following page—depending upon your state of residence as outlined in the "NOTICE" on the following page—send both to Sears. Or you may open an account by telephone—just by calling the most convenient Sears unit. Tell our phone clerk you want to open a revolving Charge Account; she will take your application and your order at the same time, if you wish; or visit any Sears store—they will gladly answer any questions you may have and fill out your application for you

Maintenance agreements and charges for service and installation of Sears merchandise may also be added to your account.

You never need to figure delivery charges—we prepay them. Sears own people will figure postage, freight or delivery charges on your order—send your package off to you prepaid and add the charges to your account

You don't need to keep money on hand to pay C.O.D. charges. Because the entire amount has been charged, you don't need to pay our driver. Leave home for the day if you wish; a note will tell the Sears driver to leave your package at a neighbor's.

Picking up your order is easier. No delay or money to pay. Your Sears Credit Card shows you are a "charge customer."

Any Sears Store or office nationwide will accept your Sears Credit Card. Wherever you are in all these United States your credit is good—on vacation, on business trips, in any place there is a Sears unit. Just show your Sears Credit Card. Sears will be glad to take your "Charge" order wherever you are!

Our C-band® collar is contour cut. That means the collar band is curved. So it makes your collar stand up nice and high in back, but dip comfortably low in front.

The yoke is cut on a curve, too. And the sleeve ends are cut on a slant. That way, our sleeves attach to the shirt at an angle. So they follow the curve of your shoulder for an easy, natural fit.

The shirttails are extra long, too. Stay smoothly tucked in, won't bunch up around your waist.

(1 thru 26) The • Comfort • Shirt shown on these 2 pages is a Trim Regular tapered version with long [illegible] medium spread collar. Removable [illegible]

Look what Sears has done

The Winnie-the-Pooh "idea" is really several great ideas— wonderful memories of childhood, enchanting characters and, at Sears, a name for an exclusive collection of children's apparel that has become justifiably famous for its durability, color-coordination, and easy care

Now Sears has "asked" Pooh to help us in even another way. He and his friends are so delightful we thought they could add a little fun and enjoyment to this Wish Book for 1972. Their charm is as heart warming as the Season itself so we think they're perfect for the role

On portions of the next twelve pages is some interesting folklore, whimsically illustrated by Walt Disney Productions about how "our" Santa Claus looks to children of other lands. He looks different, to be sure. He's known by different names and he delivers his presents in different ways. But these things really don't matter, for wherever Christmas is celebrated he represents one of the great and timeless traditions of this holiday.

Now Christmas in Holland
is a very special time for children
just like it is here in America.
But instead of Santa Claus coming to town
on a sleigh, the little Dutch boys and girls
wait for good St. Nicholas.

Because Holland is almost completely
surrounded by water and has
many fine harbors, St. Nicholas
arrives on a big steamship.
He's dressed in a beautiful Bishop's
robe and is accompanied by his
assistant named Peter, who carries
the gifts.

St. Nicholas then mounts a great white
horse and, with Peter at his side,
rides throughout the Dutch countryside
giving candy and toys
to all the good children
of Holland

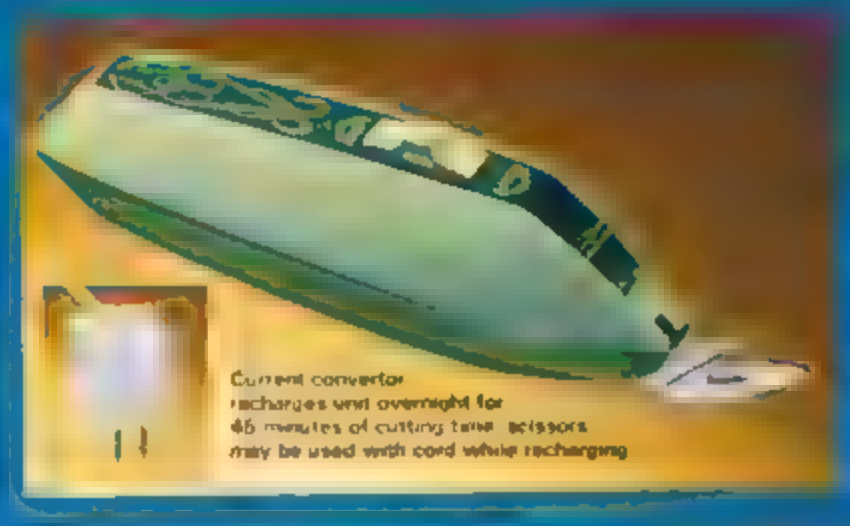
For the little children of Spain, the Three Wise Men are their Santa Claus. These great kings of the Orient never fail to come to Spain at Christmastime bringing gifts just as they did when they visited Bethlehem many, many years ago.

The boys and girls fill their shoes with straw and place them out on their doorsteps. The straw is for the camels that carry the Wise Men on their long journey



When the children awake early in the morning, they find to their amazement that the straw is gone and in its place are toys and fruit. The children know then that the Wise Men had come during the night

The children of Italy
have their Santa Claus, too.
But instead of a jolly fat man
with a white beard and a funny red suit,
the Italian Santa is a kind old lady
who is really a witch—
a witch that loves children.
Her name is La Befana.

On the night before the 12th day
of Christmas, all the little girls and boys
prepare for the arrival of
La Befana. Before they go to bed,
they place their shoes
next to the miniature Manger
that every Italian family
displays at Christmastime

Then, sometime during the night,
La Befana flies through the window
and fills the children's shoes
with toys and candies
and maybe a few pieces
of coal if any of the youngsters
had been bad.

In Sweden where the winters are long and cold, there is a little Christmas elf named Jultomtem. He lives under the boards in a barn or attic and only comes out at Christmastime.

He's a funny little elf with a pointed cap and a bright red coat. And when he has to travel very far, he sometimes rides a goat. But to the little children of Sweden, he's just about the nicest elf there is.

At Christmas, Jultomtem sneaks into the house and brings surprise gifts to all the little boys and girls. Sometimes he puts them under the tree like Santa does. And sometimes, because elves like to play tricks, he hides the gifts under cushions to make them more fun to find.

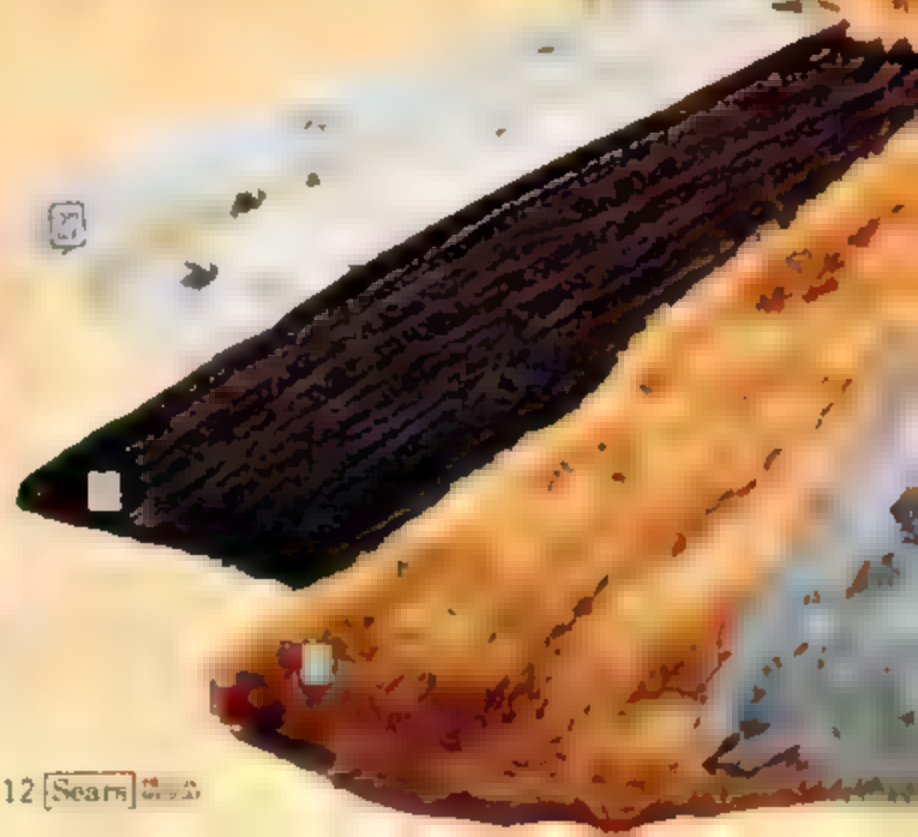
There are many things
about Christmas in Germany
that are the same as here in America
Every German family decorates a
Christmas tree and they sing
many of the same Christmas Carols
that we do.

But one thing is different.
The little German boys and girls
receive their toys and gifts
at Christmastime not from Santa
but from Kriss Kringle



Kriss Kringle has blond hair and wears a white robe and a gold crown. He's helped by St. Nicholas who carefully watches the children to see if they've been bad or good. If they have been good, there will be toys and gifts under the tree. But if they have been bad, the children will find some switches, too, and they'll know they have to try harder to be good during the coming year.

Though Mexico is one of our closest neighbors, it is a country with one of the most unusual methods of distributing gifts. This is the Pinata, an earthen jar that's decorated to look like an animal. It's filled with good things like candies, nuts and toys and then hung from the ceiling

When a Mexican family has a Christmas party, there normally is a procession in which everyone carries a candle and acts out the Nativity. Afterwards the children are led to the room where the Pinatas are hung

Each boy and girl is blindfolded and given a stick to swing at the Pinatas. When one of the Pinatas is hit, it breaks open and the candies and toys shower down on the children.

There are four easy ways to order from this catalog

1 **Shop By Phone**—You'll be pleased at the ease and convenience of ordering from Sears Catalog by telephone. So call today—it's the easiest way to shop. Phone your Easy Payment and Sears Revolving Charge Account orders, too.

Have your order delivered directly to your home or pick it up at your nearest Sears Catalog Selling Unit.

2 **Shop at Home by Mail**—No matter where you live Sears is always prepared to offer prompt and efficient [illegible] catalog numbers, descriptions of wanted items and any special information requested.

3 **Catalog Sales Office or Sears Authorized Catalog Sales Merchant**—It's so easy to order through your nearest Sears Catalog Selling Unit. A complete set of all current Sears catalogs are available in each office for your reference. In addition, a complete supply of FREE Specialized Catalogs are also available for the asking.

4 **Retail Store Catalog Sales Department**—Friendly [illegible] when you shop in person or by phone. Each Sears Retail Store has a Catalog Sales Department where trained sales people will help you make a selection and write your order. Many units have samples of merchandise on display.

CREDIT TERMS See Sears Big Book [illegible] Sears Retail Store or Catalog Selling Unit for information on Sears [illegible] Plans.

HELPFUL INFORMATION ABOUT YOUR SEARS CATALOG ORDER

WHEN SEARS SAYS "SAVE" YOU REALLY SAVE

Now, as for years, Sears shows price cuts or savings only on those items [illegible] "was" price or other basis for savings. If the description for an item in this book does not include such a statement, that item is offered at our regular low price.

C.O.D. MAIL ORDERS—We strongly urge you NOT to order C.O.D. . . . Such orders involve high extra charges to you

When ordering by mail, it is to your benefit to send a money order, check or use Sears Credit Terms. See Sears Big Book for details on extra charges involved on parcel post and freight express C.O.D. shipments.

We do not ship C.O.D. orders for live animals or birds, perishable goods or for merchandise cut, engraved, printed or made to order, for merchandise shipped direct from factory or shipped to foreign countries or to any one other than the person sending order.

SEARS SHIP-A-GIFT SERVICE

This service is the easiest way we know to send your catalog gift order to anyone in the U.S.A. or in over 50 countries. Just give us a call and tell us where you want the item sent . . . we'll send it direct to the recipient for you. See page 265 for full details.

CATALOG ORDER BASE PERIOD PRICE INFORMATION

Sears supports the Price Stabilization Program and its objective of bringing down the rate of inflation. Maximum selling prices at Sears are determined [illegible] transportation costs charged Sears by its suppliers in accordance with the Price Stabilization Regulations.

The required Base Period prices are listed in Sears General Catalog and are also available for review in all Sears Catalog Selling Units. For information [illegible] price of any item not in this listing, fill in a Base Period Price Information Request Form available in our General Catalog or at any Sears Catalog Selling Unit and give the form to any salesperson or mail to Sears, Roebuck and Co., D/101, at the address on the cover. You will receive a prompt reply by mail.

YOU ALWAYS GET OUR LOWEST PRICES

Whenever any Sears catalog item is reduced in price in a Sears sale book or value supplement which is current with the catalog you are using, your order will be filled at that reduced price. Prices in this catalog apply only to orders placed by mail, telephone, telegraph, in person at a Sears Catalog Sales Office, Authorized Catalog Sales Merchant or at a Catalog Sales Department in a Retail Store, Retail Catalog and Appliance Store or in a Sears Affiliated Store.

Except where stated otherwise on specific items, prices quoted in this catalog do not include charges for transporting goods from our distribution centers to a Sears selling unit for pick-up, or for delivery to your home.

SHIPPING INFORMATION

Catalog numbers ending with "F" (as F28-61234N) are sent by motor freight or express. Shipping and delivery charges are based on distance, weight and classification. See rate tables in our Big Book or write to your nearest Sears Catalog Order Plant or Selling Unit to determine approximate charges. For mailable items, allow shipping charges from your catalog order plant.

PARCEL POST INFORMATION

Packages weighing up to 70 pounds and measuring not more than 100 inches in length and girth can be sent by parcel post in all parcel post zones, except catalog numbers followed by "L".

"L" items (as 8 N 2186L) cannot be mailed from [illegible] first class post office for city delivery in any par[illegible] (This does not apply to rural route addresses.) Your Catalog Plant is served by a first class post office. Your Postmaster or carrier can tell you if you are served by a first class post office.

Sears

With a Sears Revolving Charge Account all you do is pick up a phone—call Sears and say "Charge It"! It's that simple . .

No money down or minimum purchase required when you use your Sears Credit Card. If you wish; pay your charge each month within 25 days of billing date (with NO FINANCE CHARGE) or, if you prefer, spread your payments out over months; if you choose to do this, your monthly payments ($10.00 minimum) will go up or down, depending on your balance and a FINANCE CHARGE will be added each month.

We send you a statement of your account every month. Makes bookkeeping so much easier for you—a complete record of your purchases is always available.

You can open your account now—and order later. There is no need to send an order when you open your account. Open it now—we will send you your Sears Credit Card. You can start using it whenever you wish.

It's easy to start your account—here's how. Simply fill in the application on page 258 and sign the agreement on the following page—depending upon your state of residence as outlined in the 'NOTICE' on the following page—send both to Sears. Or you may open an account by telephone—just by calling the most convenient Sears unit. Tell our phone clerk you want to open a revolving Charge Account; she will take your application and your order at the same time, if you wish; or visit any Sears store—they will gladly answer any questions you may have and fill out your application for you.

Maintenance agreements and charges for service and installation of Sears merchandise may also be added to your account.

You never need to figure delivery charges—we prepay them. Sears own people will figure postage, freight or delivery charges on your order—send your package off to you prepaid and add the charges to your account.

You don't need to keep money on hand to pay C.O.D. charges. Because the entire amount has been charged, you don't need to pay our driver. Leave home for the day if you wish, a note will tell the Sears driver to leave your package at a neighbor's.

Picking up your order is easier. No delay or money to pay. Your Sears Credit Card shows you are a "charge customer."

Any Sears Store or office nationwide will accept your Sears Credit Card. Wherever you are in all these United States your credit is good—on vacation or business trips—in any place there is a Sears unit. Just show your Sears Credit Card. Sears will be glad to take your "Charge" order wherever you are!

"DANECAST"
Imported Cast Iron Cookware

Cook in it, serve in it . . . our exclusively designed porcelain-clad cast iron cookware is the finest we've ever offered. *We've greatly reduced the price of the 8¾", inch sloped skillet (1) so you can save while trying out the cookware.*

The shape helps make cookware easier than most to handle: large easy-to-grasp lid knobs, handles set away from bases. 10-inch skillet offers a teakwood handle and a "helper handle"; 1½-quart saucepan gives you 2 pouring spouts. Three porcelain finings add lustre. To help it heat more quickly, porcelain has been ground off the extra flat bottoms, to put cast iron in direct contact with heat so it heats well on any cook top. Interiors are white. Steel lids. From Denmark.
